

THRIVING IN CHAOS

Leadership that inspires action and achieves results.

"She brings her entire being into her work, which ignites the passion and inspiration of her participants through genuine interactions."

- Gary Bustin, Papua New Guinea Tribal Foundation

Chaos Coach & Keynote Speaker

How to lead when your everything changes outside of your control...

In business and in life, we're put to the test not when things are going right, but when they get chaotic. How we react can be the difference between success and failure and determine whether our team comes together or falls apart. Learn strategies to adapt your thoughts and plans on a moment's notice, lead through uncertainty, and thrive in chaos.

Thriving in Chaos challenges participants to explore diverse ideas, challenging assumptions and mindsets. It gives participants practical tools and ideas for how to prepare for change, how to deal with it when it hits and how to rise to the occasion and lead yourself and others, regardless of the organizational challenges.

Corinne Hancock was on the front lines, building teams in high-pressure, stressful situations around the globe as the Director of Clinics for Project CURE, and as a State Department leadership coach. She brought together multi-generational and multi-cultural teams to train leaders, open clinics and deliver medical care in some of the most remote locations on the planet.

What You'll Get:

- **Tested Framework** that shows you how to prepare for chaos, what to do when it happens and how to be at your best when things are challenging.
- **Strategies to prepare** yourself and your team to thrive in chaos, no matter the situation.
- **Tools you can immediately use** to improve collaboration and enhance the effectiveness of your communication.
- **Exercises that reveal how your thoughts, actions and language influence others** and impact your ability to thrive in chaos.

Who is this for?

Leaders and Teams who:

- Want effective conflict resolution techniques.
- Operate in challenging environments.
- Need to navigate disruptive change.
- Are dealing with organizational shifts.
- Want new ways to collaborate with others effectively.
- Want to increase their effectiveness working within organizational change.
- Seek to enhance the effectiveness of their communication.

What people are saying...

"We had the great fortune to have Corinne come out to speak to our San Francisco Entrepreneurs Organization (EO) and to take us through a workshop on "Thriving in Chaos". Her message was a hit amongst a group CEO's and company owners; and her hands-on workshop and application drove the message home perfectly. With energy, passion and a polished presentation, Corinne shares her amazing real-life stories from the field and uses them to create a framework for preparing for and reacting to chaos and crisis in our everyday lives. If you can get Corinne out to speak for your company or organization, you will not be disappointed!"

Victor Nunnemaker EO San Francisco

Corinne Hancock

Corinne has been the Director of Clinics for Project CURE, completed dozens of international aid and development projects, and created programs on behalf of the State Department. She has met and worked with world leaders to help create powerful collaborations that better our world.

She now helps organizations develop high performing teams using the same strategies she used to create teams and leaders in high-pressure international hot-zones.

Corinne has her BA in Human Development and Cultural Anthropology and is an ICF Master Certified Leadership Coach from I.P.E.C., one of the leading coach training programs in the world. Corinne has been the keynote speaker at conferences across the USA and Canada and has worked with many associations and corporations providing workshops.
